

PROFILE SUMMARY

Passionate computer science student, researcher, and leader with proven work in national roles. Working to develop and expand access to cybersecurity education, develop leadership identity in engineering communities, and advance research in quantum cybersecurity.

PROFESSIONAL EXPERIENCE

- Quantum Innovation Center Research Intern | Columbia, MissouriMay 2026 – July 2026
 - Learning a Noise Induced Barren Plateau on Superconducting Machines for Generative Quantum AI
 - Presented at Mizzou Quantum Day 2026
 - Graph Neural Network Approach to Learning a Material's B-H Curve and Hysteresis Loss
 - Honorable Mention IEEE International Challenge in Design Methods for Power Electronics
- Undergraduate Researcher | Columbia, MissouriMay 2024 – Present
 - Research focused on cybersecurity of quantum networks and future-term quantum computers
 - Awarded the prestigious Cherng Summer Scholar research position in 2025
 - Agentic Defense System to Protect Multi-tenant Quantum Computers against Confidentiality Attacks
 - Analysis of Attack Vectors Utilizing Crosstalk for Confidentiality and Integrity attacks on Quantum Computers
 - Winner of the engineering category at Mizzou 2025 Show me Research Week
 - Design and Construction of an Affordable Quantum Key Distribution System for Cybersecurity Education
- Cerner Scholar | Oracle-Cerner, Kansas City, MissouriAug 2022 – May 2023
 - Worked as a software engineering intern with a team of 8 on the Cerner Status website
 - Pushed 9 new features to production and answered tickets for bugs
 - Completed the Oracle cloud certification courses

LEADERSHIP EXPERIENCE

- Mizzou Computing Association, ACM Student ChapterTigerHacks Chair, President & Chapter Chair, SIG DirectorSep 2023 – Present
 - Directed a team of 16 committee members to organize Mizzou's largest engineering event for over 300 attendees
 - Optimized budget and implemented a new judging format to raise average feedback from 4.03 of 5 to 4.55 of 5
 - Chaired an executive board of 8 and managed the organization of over 200 members
 - Managed a budget of \$50,000 to host annual 2 conferences and attend 8 others in the cybersecurity field
 - Founded MissouriHacks, a hackathon for high school students to build projects and learn to code
- National Association of Engineering Student CouncilsVice President of Finance, Central Regional AmbassadorMarch 2025 – Present
 - Managed a budget of over \$30,000 for the national organization
 - Supports over 9,000 students across more than 40 universities
 - Founded a new outreach program to create 2 new student councils at other universities

CERTIFICATIONS

- IBM Quantum Practitioner | IBM | Aug 2026TestOut IT Fundamentals Pro | TestOut | Sep 2021
- Certified in Cybersecurity (CC) | ISC2 | Dec 2023CompTIA IT Fundamentals+ (ITF+) | CompTIA | Sep 2021

EDUCATION

University of Missouri | Computer Science & Information Technology | GPA: 3.955 | Honors StudentMay 2027
Minors in Mathematics and Korean Studies | Certificates in Cybersecurity, Information Systems, and Writing Intensive

AWARDS & RECOGNITION

- Remington R. Williams Award | 2026Highest award in the University of Missouri System, bestowed to 4 Mizzou students for leadership and advocacy
- Outstanding EECS Sophomore | 2025Highest award in the Electrical Engineering Department, bestowed to 1 EECS sophomore for academic excellence
- 1st Place MuleHacks 2026 Hackathon1st Place Ansys PyCon 2023 Intermediate Coding Competition
- 1st Place BSides KC 2025 Cloud Forensics CTF2nd Place BSides KC 2024 Cloud Forensics CTF
- 1st Place Shelter Insurance AWS Cloud JamHonorable Mention IEEE MagNet Challenge
